AAHAAS CORE APP

Driver Guide

Every trip, in your pocket.
Register, get trips, drive and finish, step by step.

Version 1.0.1 | November 2026 | Sri Lanka · Vietnam · Singapore · Malaysia

WELCOME

Your trip, on one phone

Aahaas CORE shows your trips, counts your kilometres and connects you to the operations team. Most days you only need one screen and one swipe.

Before you start

- ✓ **A phone with mobile data**
  iPhone or Android
- ✓ **A WhatsApp number**
  You sign in with it, and operations reach you on it
- ✓ **Location on "Allow all the time"**
  So km keep counting with the screen off
- ✓ **Notifications on**
  So you do not miss new trips and reminders
- ✓ **The app**
  Ask operations for the download link

Your privacy
The app tracks your location only between **Start day** and **End day**. A notification shows while it runs. Trip rates and agent names are not in the app.

Your language
Use the app in English, සිංහල, தமிழ் or Tiếng Việt. Change it any time on the Me tab.

THE BIG PICTURE

Every trip follows one road

Start the trip once. Repeat the day steps. Finish on the last day. The swipe button always shows your next step.

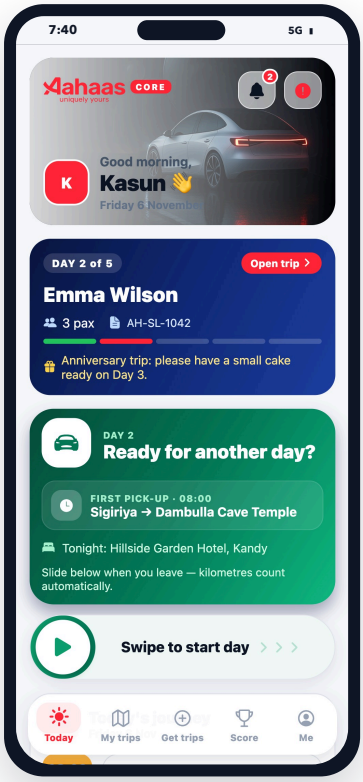

Not the last day? Rest, then go back to 2.

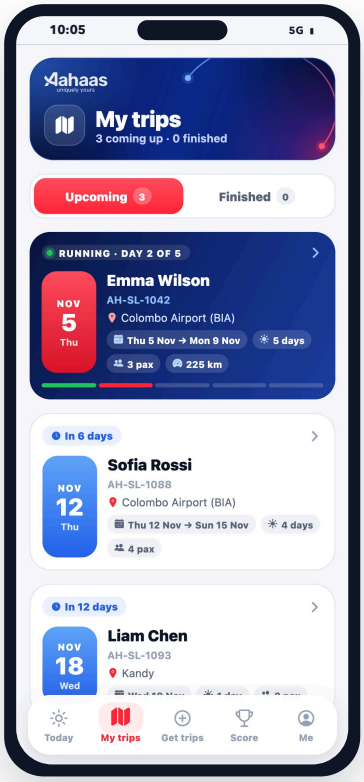

THE APP AT A GLANCE

Five tabs, one simple app

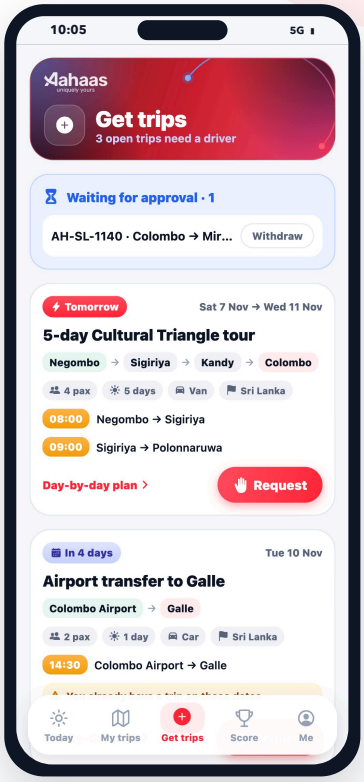

The tabs sit at the bottom of every main screen. Vendor drivers do not have Get trips, because their vendor gives them trips.

JOIN · INDEPENDENT DRIVERS

Register in the app

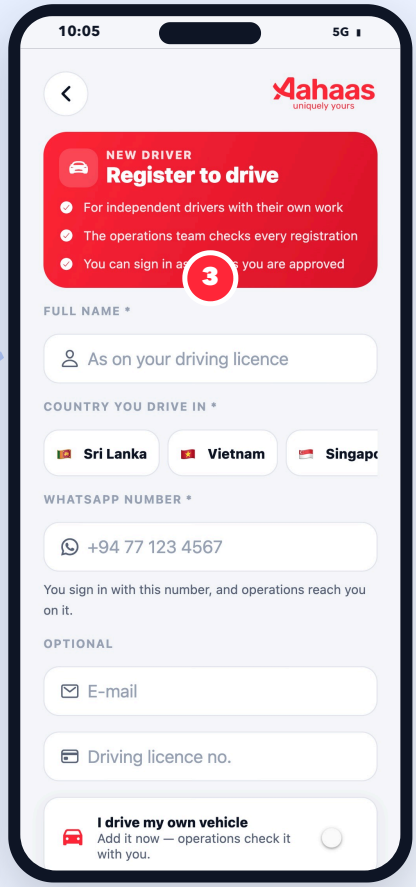

For independent drivers who are new to Aahaas. Drive for a vendor? Skip to the next page.

Tap **Driver**

Tap **Register as a driver**

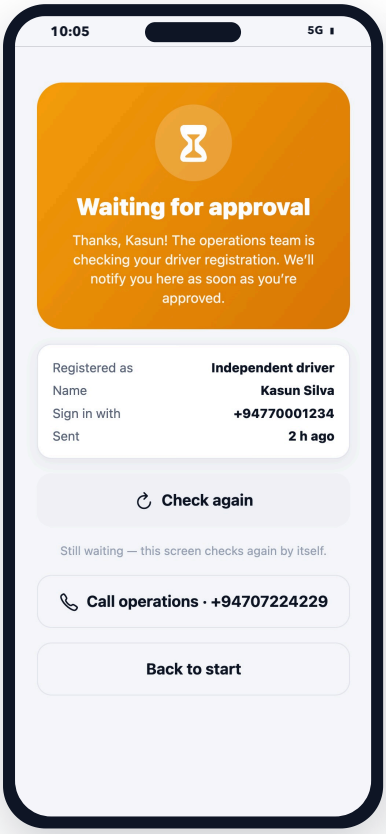

Fill in your details

1. Open the app and tap **Driver**.
2. Under *New here?*, tap **Register as a driver**.
3. Type your full name as on your licence. Choose your country. Type your WhatsApp number.
4. Add e-mail and licence number if you want.
5. Own a vehicle? Turn on **I drive my own vehicle**. Add type, plate, brand, model and seats.
6. Choose a password of at least 6 characters.
7. Tap **Register as driver**.

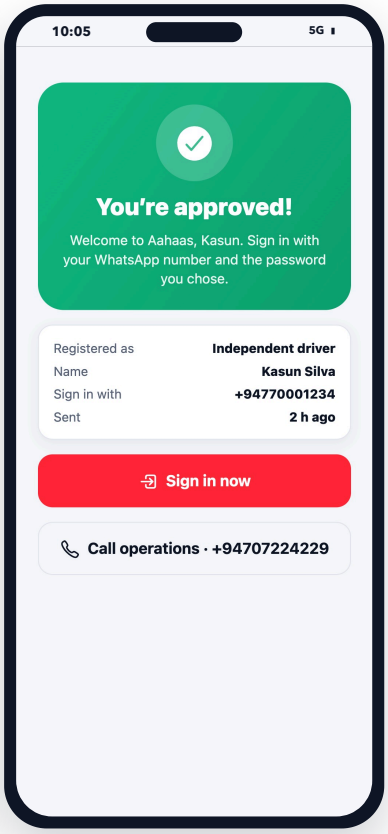

JOIN · AFTER YOU REGISTER

Wait for approval

You cannot sign in until a person in operations approves you. The waiting screen checks by itself, and you also get a notification.

Waiting for operations

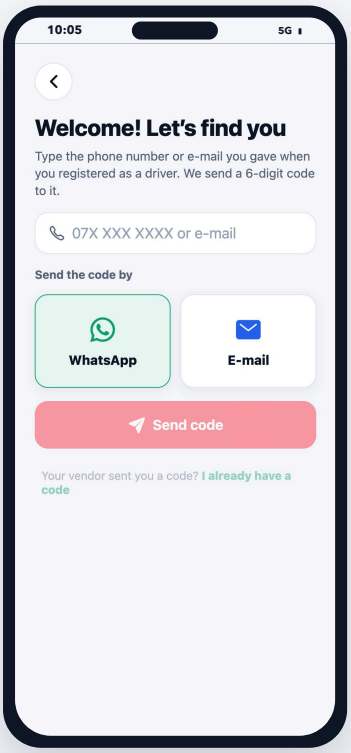

Tap **Sign in now**

Closed the app?

The welcome page shows **Driver registration sent**. Tap it to check again.

Not approved?

The screen shows the reason. Tap **Start over**, or call operations.

Added by your vendor or by operations?

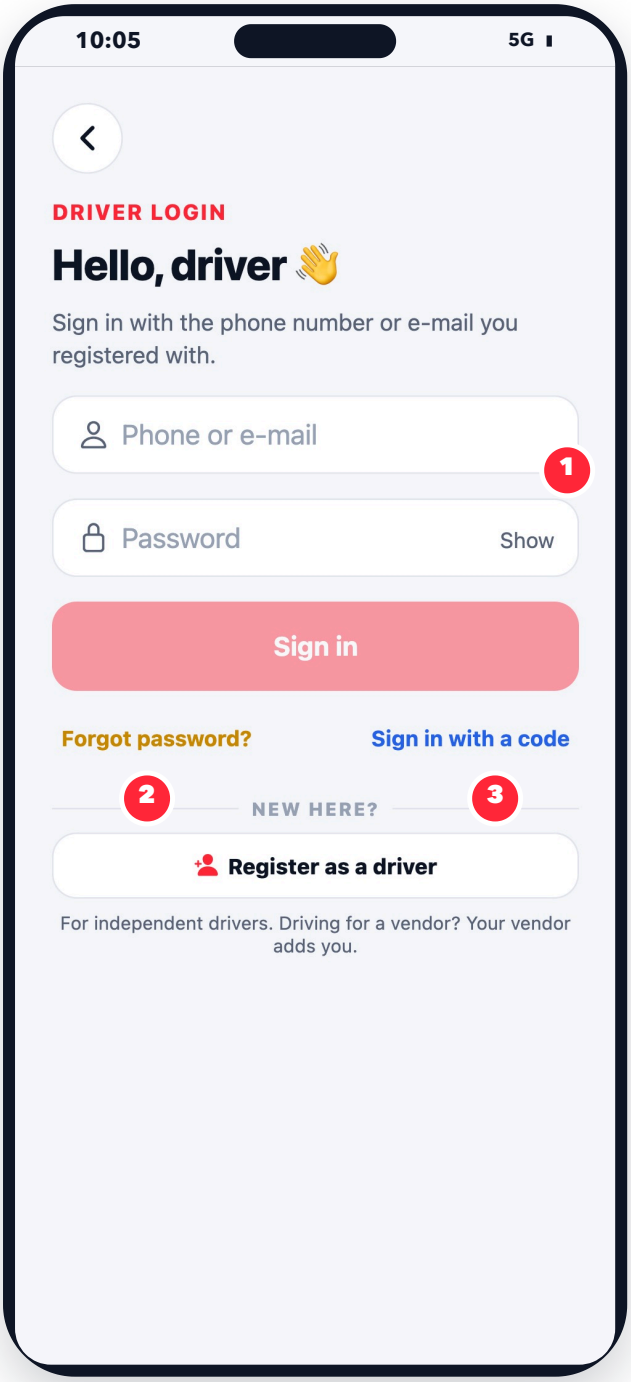

Do not register. Use this first sign-in instead.

1. On the welcome page, tap **Verify your phone**.
2. Type your phone number or e-mail.
3. Choose **WhatsApp** or **E-mail** and tap **Send code**. Vendor already sent one? Tap **I already have a code**.
4. Type the 6-digit code, choose a password and tap **Save and continue**.

JOIN · EVERY OTHER DAY

Signing in, made simple

Type your phone number or e-mail and your password. The app also gives you two other ways in.

1 Normal sign-in

Tap **Driver**, type your phone or e-mail and password, then tap **Sign in**.

2 Forgot password?

Tap it and follow the code steps to choose a new password.

3 Sign in with a code

No password needed. A 6-digit code comes by WhatsApp or e-mail.

About codes

A code lasts **10 minutes**. After **5 wrong tries**, ask for a new one. You can ask for 5 codes an hour.

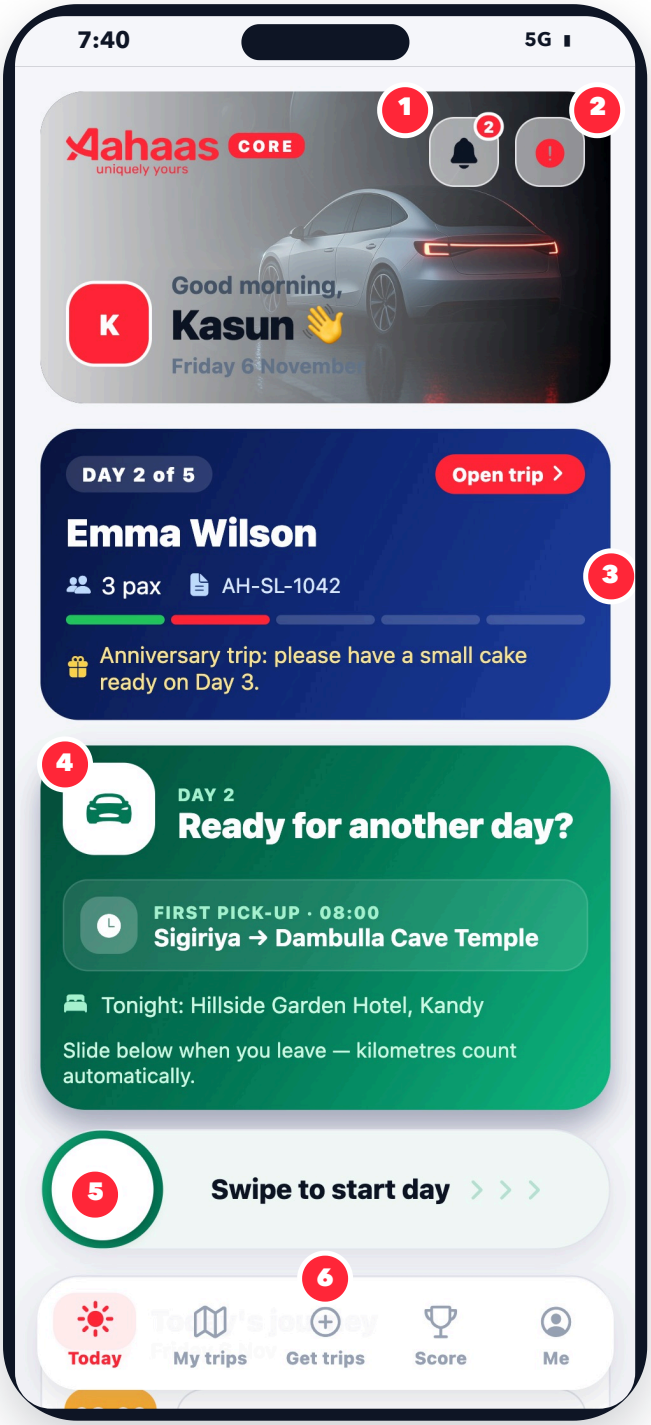

Keep it safe

Never share your code with anyone.

YOUR HOME SCREEN

Know your Today screen

Open this first every day. It shows your trip, your next step and how your month is going.

1. **Bell.** New trips, reminders and answers from operations.
2. **Red help button.** Call operations or send a problem with your location.
3. **Trip card.** Guest, day, file number and special notes. Tap **Open trip** for every detail.
4. **Next step card.** Your first pick-up and tonight's hotel.
5. **Swipe button.** Your one next step. Slide it all the way to the right.
6. **Tabs.** Move between the main screens.

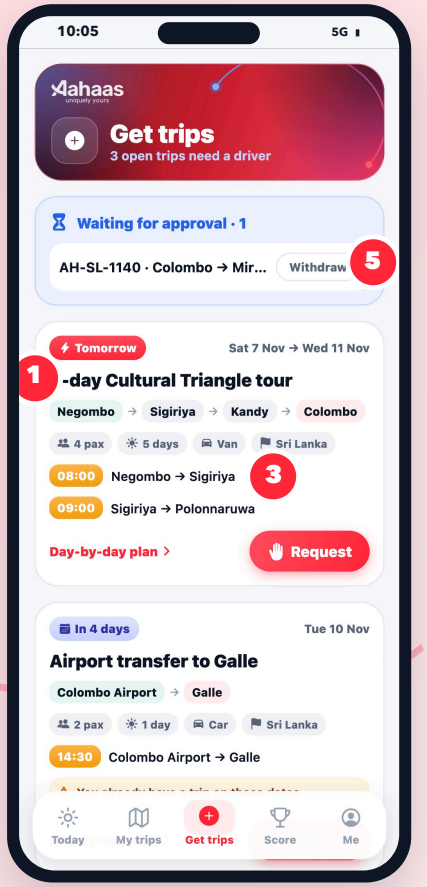

Scroll down for more

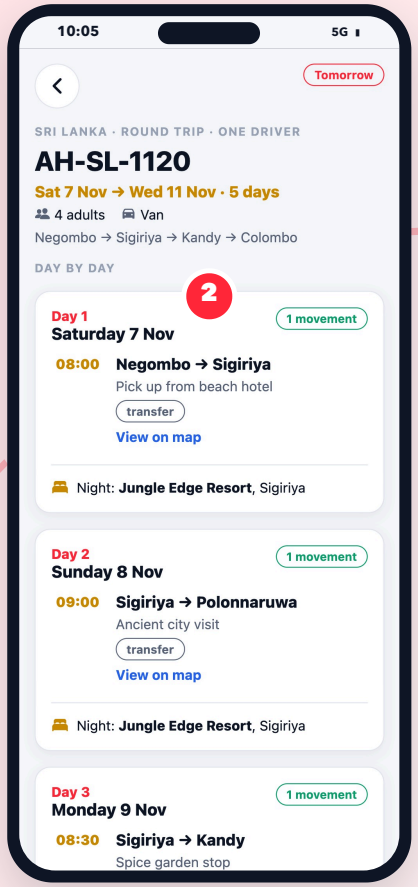

Today's journey with navigate buttons, **Read my day**, other jobs under *Also today*, your next trip, and this month's km.

FIND WORK · INDEPENDENT DRIVERS

Request a trip

Open trips appear on the Get trips tab. Vendor drivers get trips from their vendor, in My trips.

1. Open **Get trips** and look through the cards.
2. Tap a card to see the **day-by-day plan**: times, routes, free days, meals and hotels.
3. Tap **Request**. If the button says **Take this trip**, it is yours at once.
4. **Request sent** means operations will confirm. **The trip is yours!** means it is in My trips.
5. While you wait, your request sits at the top. Tap **Withdraw** to cancel it.

"You already have a trip on these dates"
The dates clash with another trip.

"More guests than your vehicle seats"
Your vehicle is too small for this group.

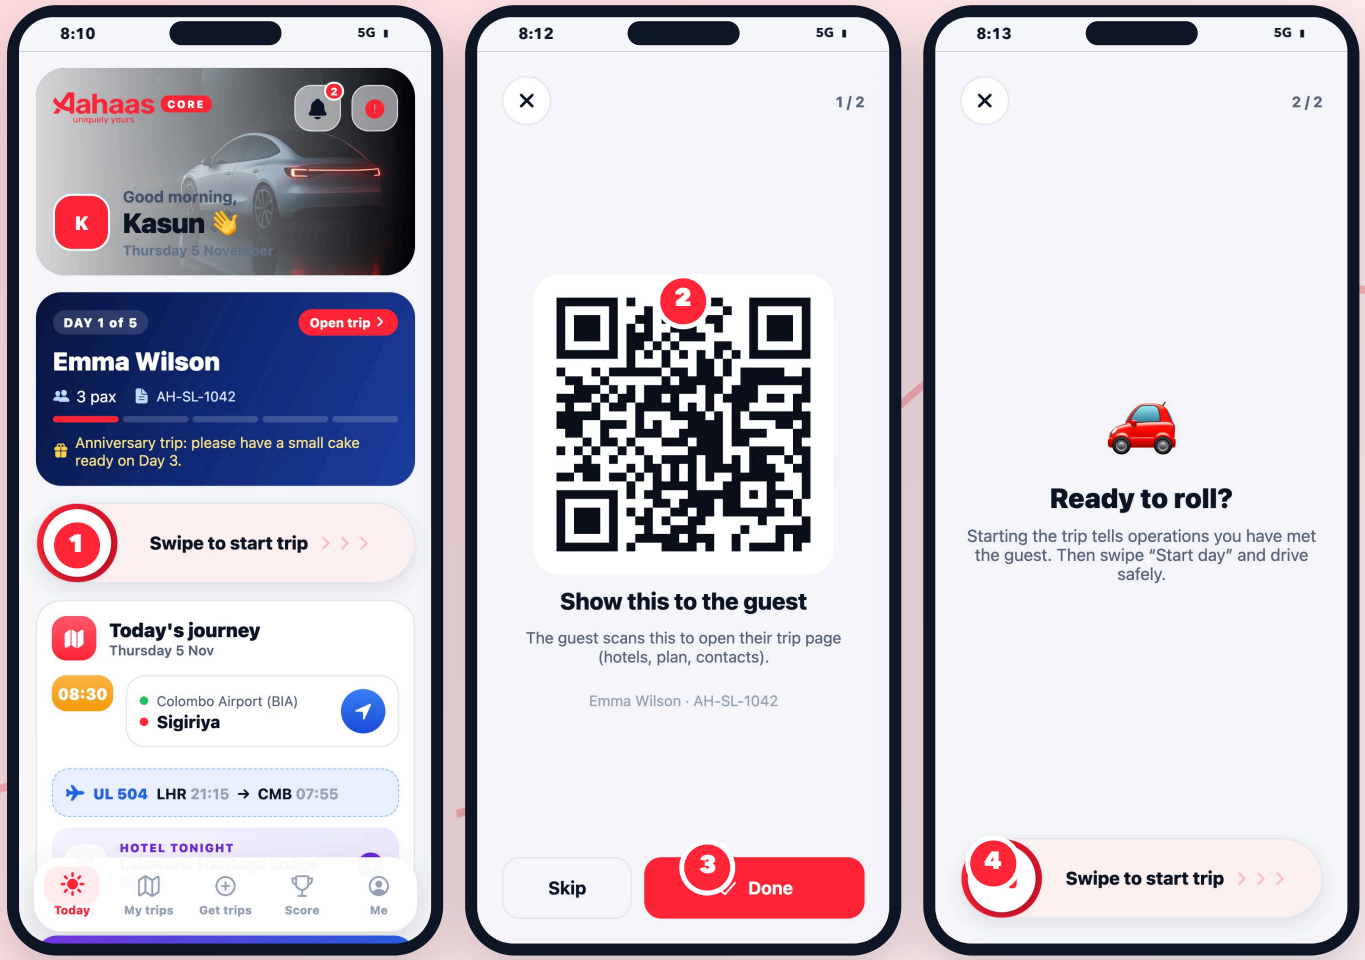

"The day plan is not on the chart yet"
Operations will add it. Dates and hotels show.

"This trip is no longer open"
Another driver may have taken it.

FIRST DAY ONLY

Start the trip

Do this when you meet the guest. You can only start on or after the trip's start date.

Swipe to start trip | Guest scans the QR | Swipe again to confirm

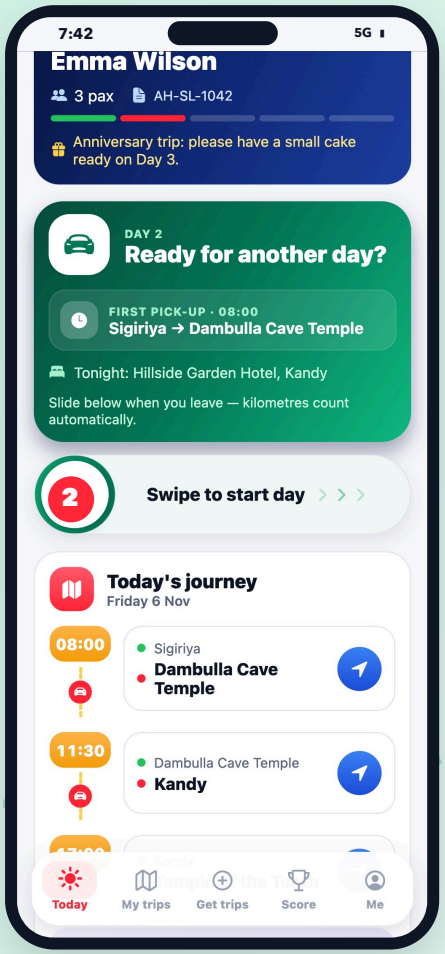

1. On **Today**, swipe **Swipe to start trip**.
2. Show the guest the QR code. They scan it to open their trip page with hotels, plan and contacts.
3. Tap **Done**, or **Skip** if the guest does not want it.
4. Swipe again. Operations now know you have met the guest.

Trip starts on a later day?
There is no swipe yet. Open the trip from My trips to read the plan ahead of time.

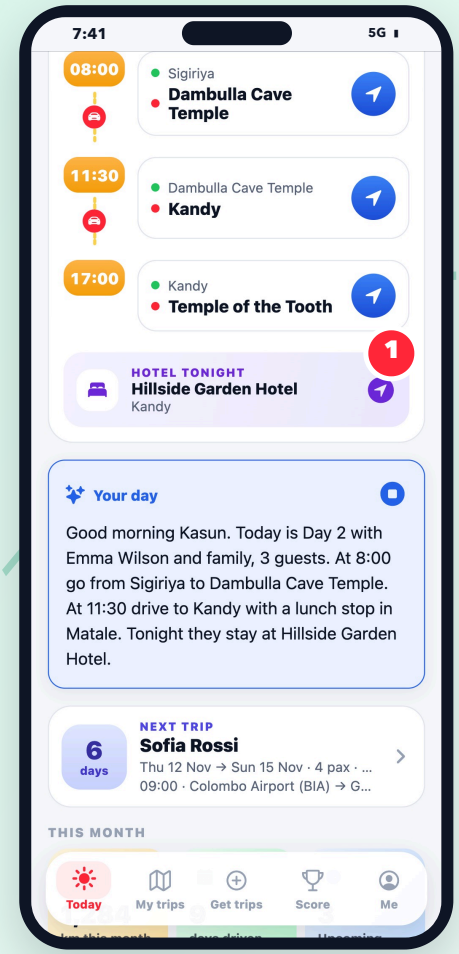

EVERY DRIVING DAY

Start the day

Swipe when you leave. GPS begins counting your kilometres.

Swipe to start day

Read my day: your day, read aloud

1. Read today's plan. Tap **Read my day** to hear it in your language.
2. Swipe **Swipe to start day** when you leave.
3. The first time, read the location message and tap **Continue**.
4. On the phone's prompt, choose **Allow all the time**.

GPS · screen-off OK
You can lock the phone or open Maps.

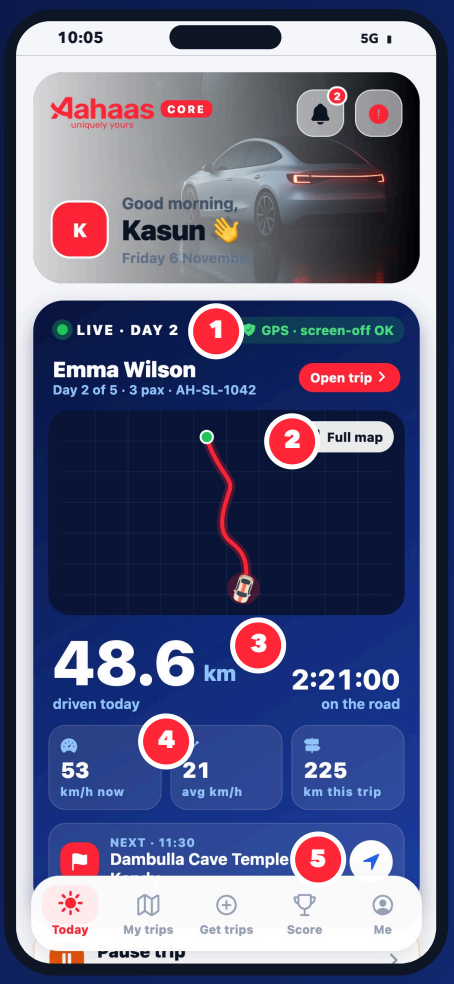

GPS · keep app open
Km count only with the app on screen.

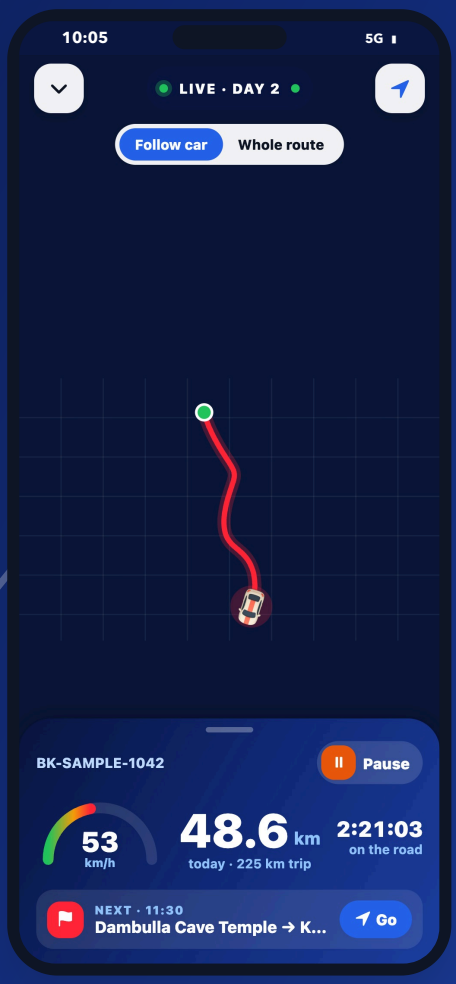

Reminders
From 5 pm the evening before, and 5 am on driving days.

THE ONGOING DAY

Drive. The app counts

The live card shows everything. Km keep counting with the screen off or Maps open.

Full map: follow the car or see the whole route

1. **GPS label.** Green means all is well.
2. **Full map.** Tap to open it.
3. **Km and time** for today.
4. **Speed, average** and km this trip.
5. **Navigate.** Apple Maps on iPhone, Google Maps on Android.

No signal? Keep driving

Km are saved on the phone and sent when the signal returns.

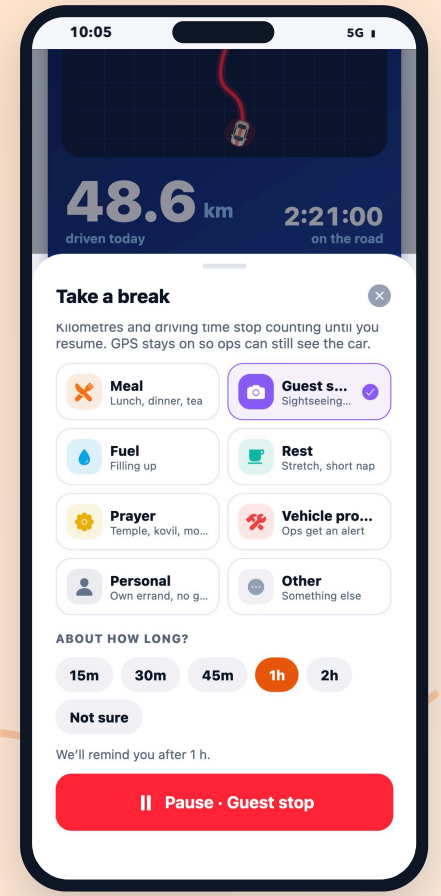

Short job under "Also today"?

Tap it and follow the same steps. Only one day can run at a time.

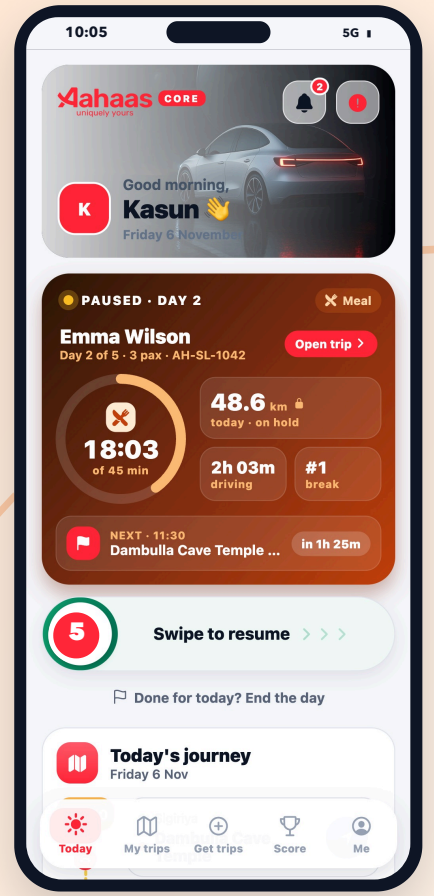

PAUSE TRIP

Take a break

Pausing puts km and driving time on hold. Operations can still see the car.

Choose a reason and time

Swipe to resume when ready

1. Tap **Pause trip**.
2. Choose a reason: Meal, Guest stop, Fuel, Rest, Prayer, Vehicle problem, Personal or Other.
3. Choose how long. The app reminds you when time is up.
4. Add a note if you want, then tap **Pause**.
5. When ready, swipe **Swipe to resume**.

Moved 1 km or more?
The app asks if the guest was in the car. Tap **Yes – count them** to add those km.

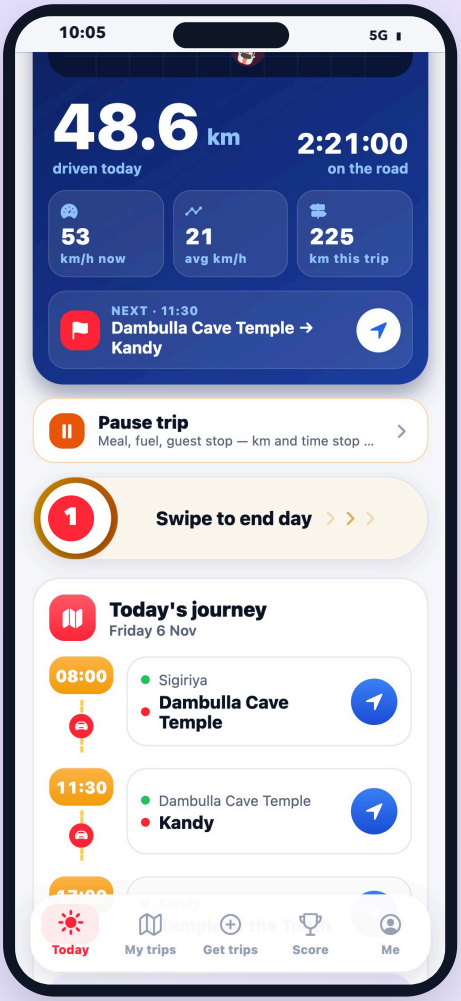

Driving while paused?
The app warns that km are not counting. Resume straight away.

Vehicle problem
This reason sends an alert to operations.

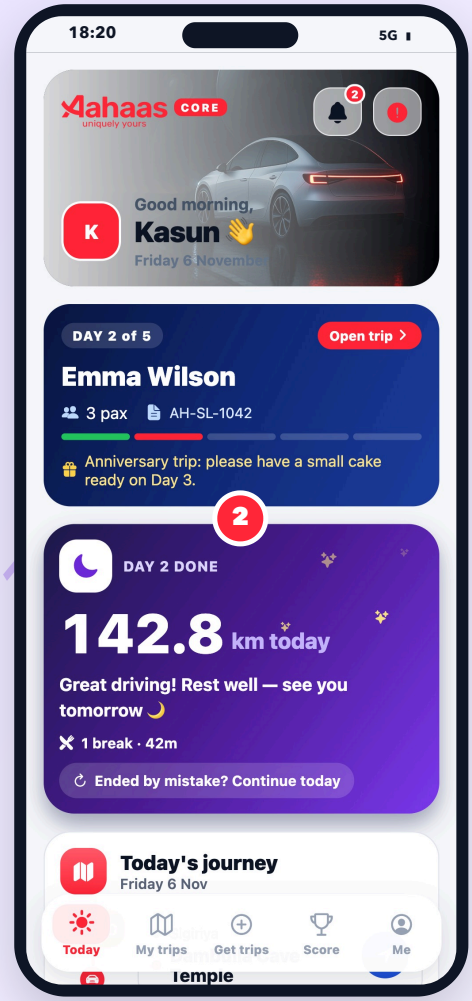

EVERY EVENING

End the day

When you finish driving, swipe to end the day. Tracking stops and the app shows today's km.

Swipe to end day

Your day is saved

1. Swipe **Swipe to end day**.
2. The app shows today's km and breaks. GPS tracking stops.
3. Next morning, go back to **Start day**. You do not start the trip again.

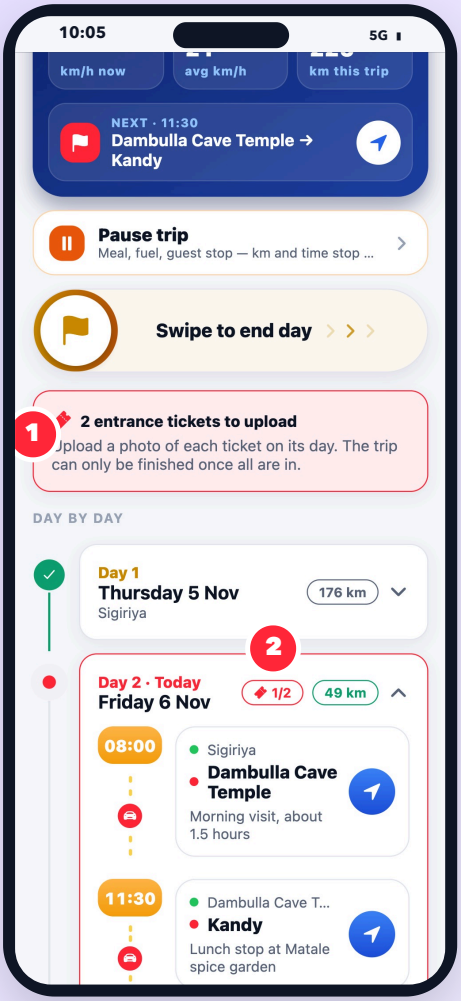

Ended the day by mistake?
Tap **Ended by mistake? Continue today**. Km keep counting on today.

Finished while on a break?
Tap **Done for today? End the day**.

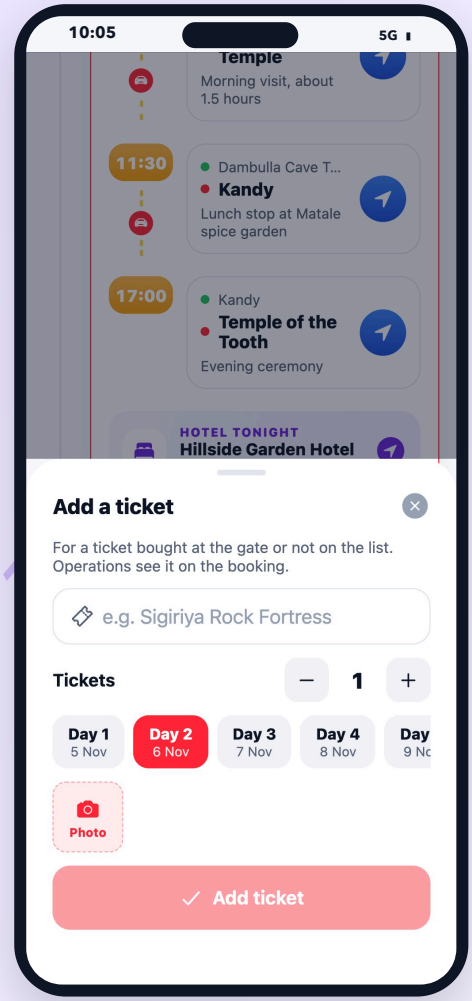

DURING THE TRIP

Upload entrance tickets

Every entrance ticket needs a photo or PDF before you can finish the trip. You can upload only while the trip is running.

Each day shows a count, such as 1/2

Add a ticket bought at the gate

1. Open the trip and tap the day.
2. Under **Entrance tickets**, find the ones marked **Needed**.
3. Tap **Upload**, then **Take photo**, **From photos** or **PDF / files**.
4. One file per guest is best, up to 10 MB each.

Bought at the gate?

Tap **Add ticket**. Type the place, set the number, choose the day, add a photo and tap **Add ticket**.

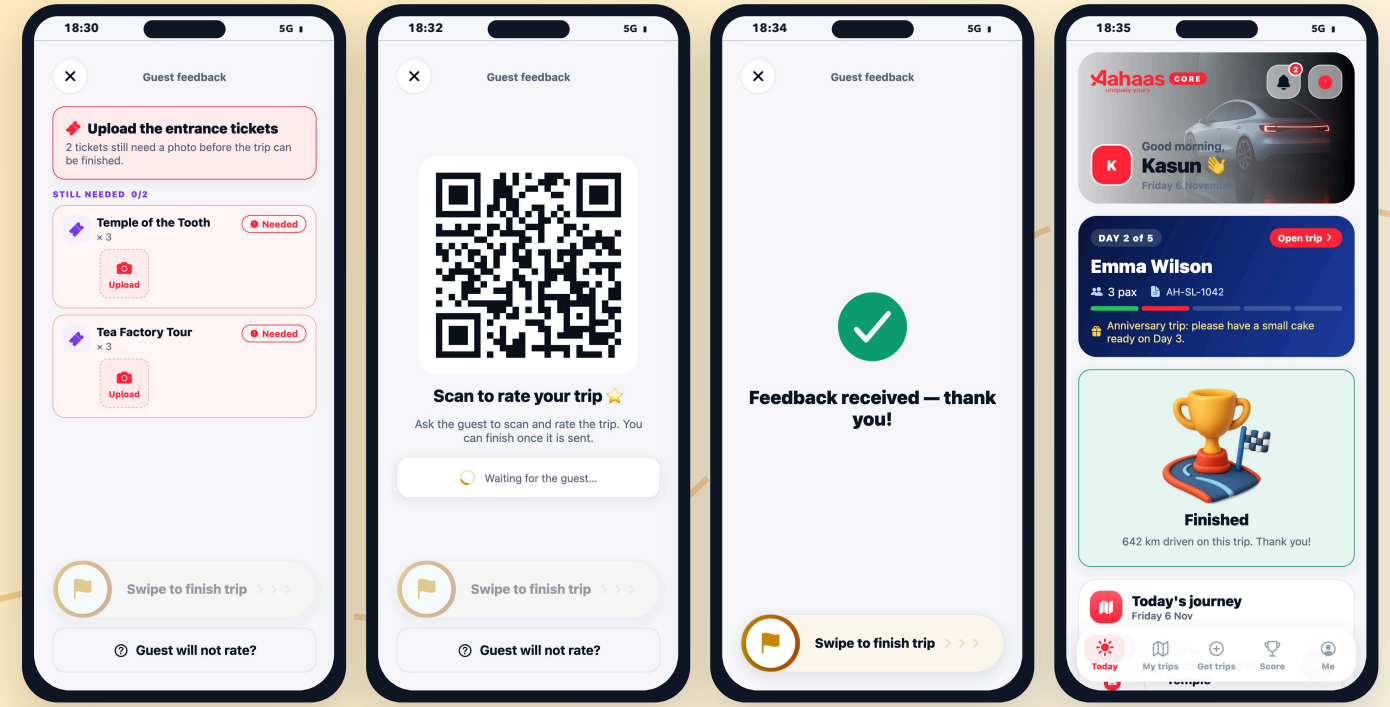

Wrong file?

Press and hold a file you uploaded to remove it. Tap **More** to add another.

LAST DAY

Finish the trip

Ending the last day opens the finish screen. Two things unlock the finish swipe: all tickets and the guest's feedback.

Upload missing tickets | Guest scans and rates | Swipe to finish trip | Done! Km are saved

1. **Upload all entrance tickets.** The screen lists any that are missing.
2. **Get the guest's feedback.** Ask the guest to scan the QR code and rate the trip.
3. When you see **Feedback received**, swipe **Swipe to finish trip**.

Guest will not rate?

Tap **Guest will not rate?** and tell operations what the guest said. If they agree, you can finish.

It checks by itself

The screen looks for the rating every 5 seconds.

No driving on the last day?

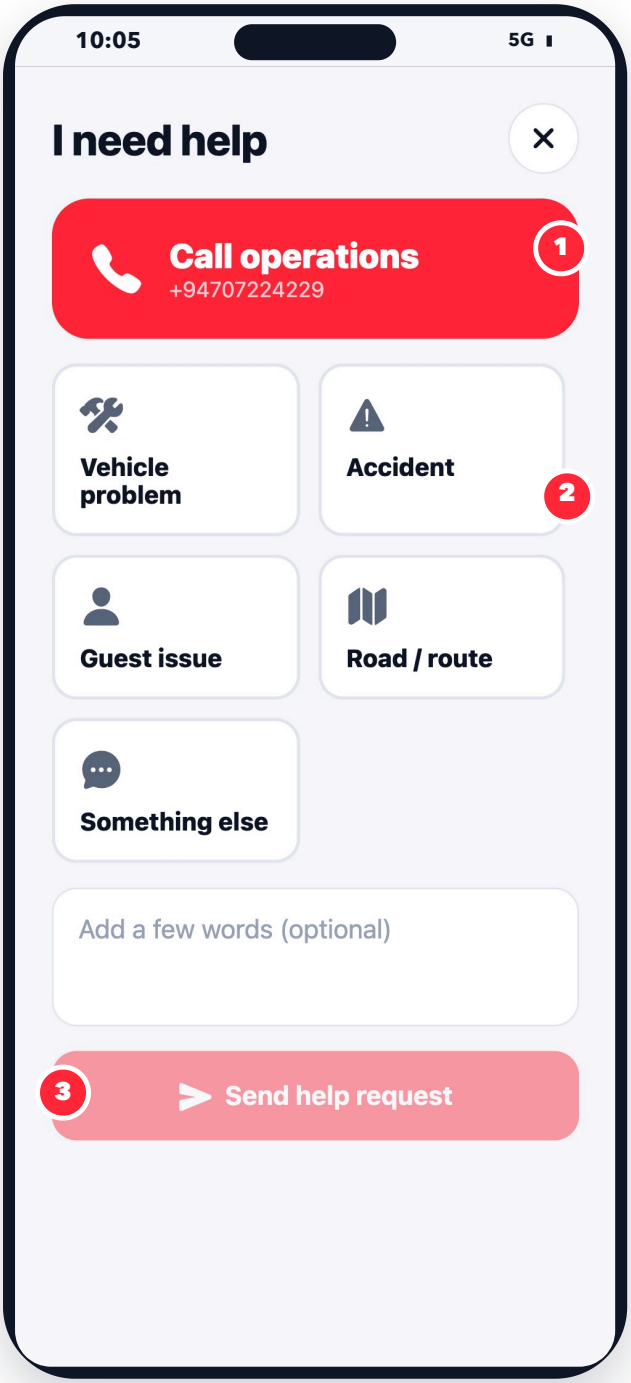

Tap **No driving today – finish trip**.

WHEN SOMETHING GOES WRONG

Help is one tap away

For an emergency, call operations first.

Operations **+94 70 722 4229**

1. Tap the red button on **Today** or the trip page, or use **Me > Help**. Then tap **Call operations** to call.
2. Or choose a topic: Vehicle problem, Accident, Guest issue, Road / route, or Something else.
3. Add a few words if you want and tap **Send help request**. Operations get your location and will call you.

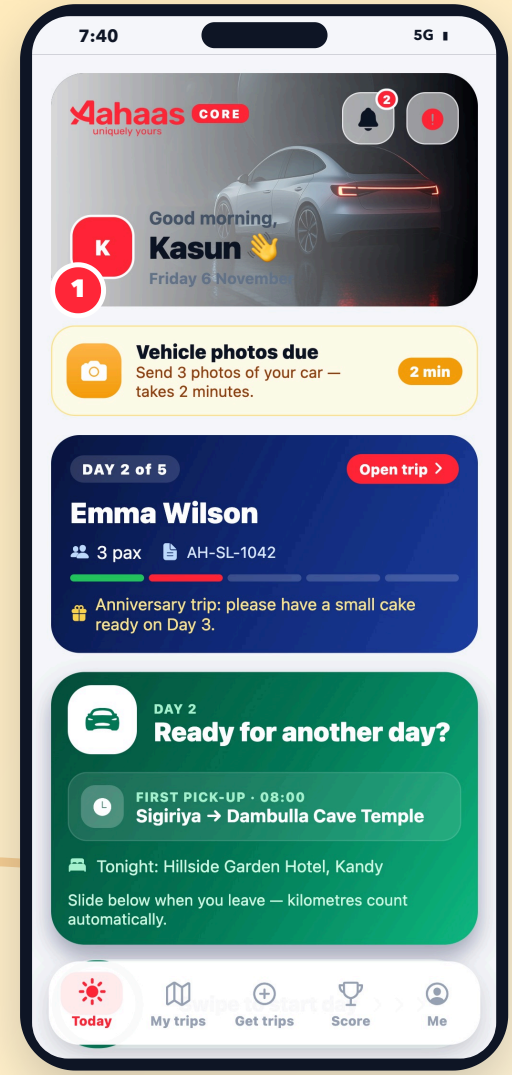

Cannot continue a trip?

1. Open the trip page and scroll to the bottom.
2. Tap **I can't continue this trip**.
3. Say why and tap **Send to operations**. They arrange another driver and call you.

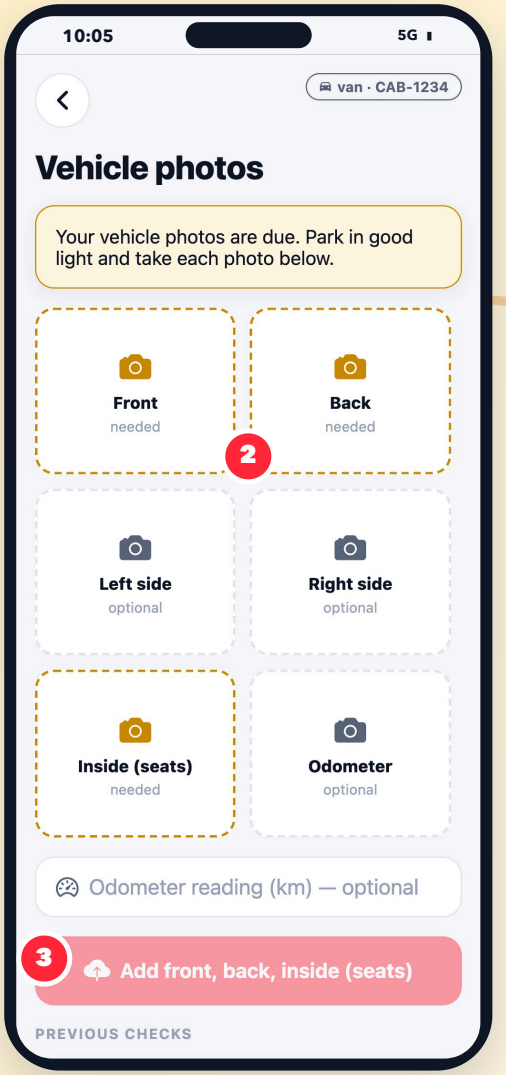

EVERY 60 DAYS

Vehicle photos in 2 minutes

When photos are due, a yellow card appears on Today and you get a weekly reminder. You can also open this from the Me tab.

Tap the yellow card

Take each photo, then send

1. Park in good light and tap **Vehicle photos due**.
2. Take the 3 needed photos: **Front**, **Back** and **Inside (seats)**. Sides and odometer are optional.
3. Tap **Send photos**.
4. Read the AI first look. It may ask for a retake.

Who decides?
Operations make the final decision. If they ask for a retake, their note appears on the screen.
